

# NEUMAN & ESSER

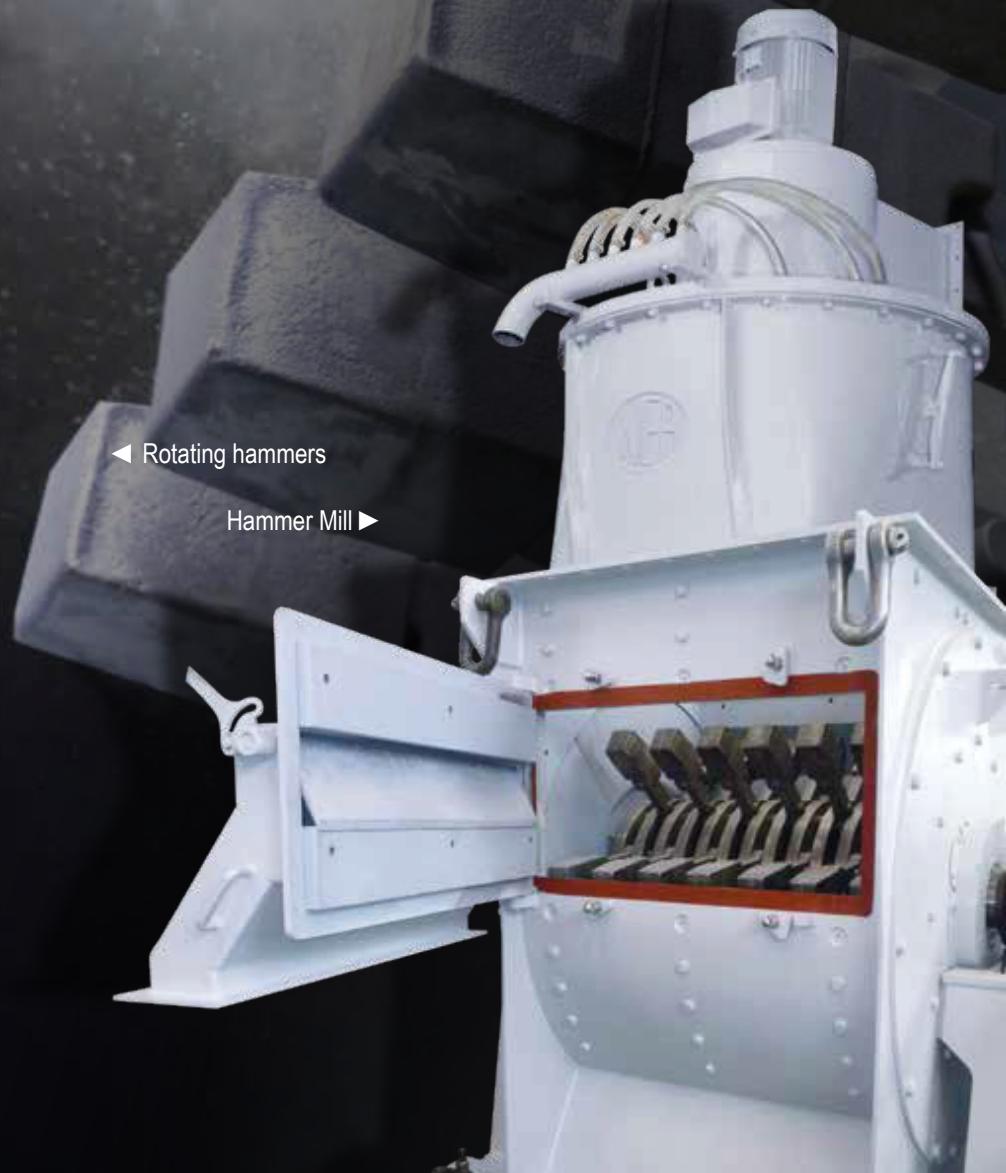

## Key Features:

- sharp top cuts
- narrow particle size distribution
- grinding materials up to Mohs 3
- heavy duty design
- wear protected special discharge for abrasive contaminations
- simple bearings
- energy saving
- low maintenance

## Applications:

- Minerals
- Hydrated Lime
- Bentonite
- Bleach Earth

Impact mill with classifier from 100 up to 50,000 kg/h

## NEA HM Hammer Mill
